4.	Theatre	OSINT
5.	Current Priority	Informative
6.	Subject	Tech Innovation Lab - National Innovation Award at TechSummit 2025
7.	Input	Open source intelligence indicates that the Tech Innovation Lab of Pinnacle Global Solutions won the National Innovation Award at TechSummit 2025 held in Hyderabad on June 20, 2025. The winning project was an AI-powered document analysis platform developed by Kiran Reddy, Lavanya Subramaniam, and Prakash Hegde. Amit Sharma accepted the award on behalf of the team. In his acceptance speech, he referenced the Coding Bootcamp held in March 2025 (ref: TMS-2025-0412) as the catalyst that brought the team together. Venkatesh Rao and Rahul Joshi were credited for backend development. The project reportedly drew attention from government agencies interested in document intelligence capabilities. This was the Lab's second consecutive year winning an award at TechSummit, having previously won Best Emerging Technology in 2024 for their IoT Smart Campus project.
8.	Grading	A1
