1.	TMS I.D.	TMS-2025-1102
2.	Originator	Agency B
3.	Date	Nov 28 2025 4:00 PM
4.	Theatre	HUMINT
5.	Current Priority	For Action
6.	Subject	Tech Innovation Lab - Research Partnership with IIT Bangalore
7.	Input	Intelligence gathered from a human source indicates that the Tech Innovation Lab is in advanced discussions with the Computer Science Department of IIT Bangalore to establish a formal research partnership. This initiative traces back to the connections made during the Coding Bootcamp in March 2025 (ref: TMS-2025-0412) where IIT Bangalore students participated. The partnership is being led by Amit Sharma and Srinivas Reddy on behalf of Pinnacle Global Solutions. The collaboration will focus on edge computing, federated learning, and natural language processing. Kiran Reddy and Lavanya Subramaniam from the AI/ML Study Group are designated as research liaisons. The successful AI Chatbot project (ref: TMS-2025-0834) and the National Hackathon (ref: TMS-2025-0901) have been cited as demonstrations of the Lab's capability. Prakash Hegde will lead a joint research paper on edge computing. An MoU signing is expected in January 2026. This partnership could position Pinnacle Global Solutions as a technology research hub in Bengaluru.
8.	Grading	B2
9.	Has Attachment	No
10.	Input Closed
