6.	Subject	Community Service Group - Flood Relief Preparedness Workshop
7.	Input	Intelligence indicates that the Community Service Group is organizing a Flood Relief Preparedness Workshop on December 10, 2025 at the Pinnacle Global Solutions campus. This initiative was prompted by the severe flooding in Bengaluru during the recent monsoon season. Sunita Gupta and Lakshmi Reddy are leading the effort in collaboration with the National Disaster Response Force (NDRF) and local fire services. The workshop will train 100 employee volunteers in first aid, rescue operations, and relief coordination. Harpreet Singh, who has military training, will assist NDRF instructors. Gaurav Thakur is coordinating logistics including emergency supply kits. The Community Service Group's established network from past initiatives - the Red Cross relationship from the blood donation drive (ref: TMS-2025-0234), BBMP contacts from the tree planting drive (ref: TMS-2025-0478), and school community from the computer skills program (ref: TMS-2025-0756) - will be leveraged to create a rapid-response volunteer network for the Whitefield and Mahadevapura areas. Anand Gupta is creating a flood response playbook. The Sports Club's Vikram Patel has offered physically fit volunteers for the training. Ritu Saxena is coordinating with hospitals in the area.
