6.	Subject	Tech Innovation Lab - National Hackathon Planning
7.	Input	It was noted that several members of the Tech Innovation Lab are planning to organize a National Hackathon and they posted about it on Social Media. Amit Sharma, Vikram Patel, and Deepak Sharma are the lead organizers. They are targeting the Student and Startup Community across India and planning to host the Grand Finale on the 15th of November 2025 at the Bengaluru International Exhibition Centre. They have posted pictures of how the Finale will look, referencing their previous Coding Bootcamp in March (ref: TMS-2025-0412) and the Innovation Award win at TechSummit (ref: TMS-2025-0687) as evidence of their credibility. Manpreet Singh and Tanvi Bhatt are handling social media promotion. The hackathon themes include AI for Social Good, Smart Cities, and HealthTech. Sponsorship discussions are reportedly underway with major tech companies. Harpreet Singh mentioned in a LinkedIn post that over 500 registrations have already been received within the first week of announcement.
