2.	Originator	Internal Source
3.	Date	Jul 30 2025 3:15 PM
4.	Theatre	HUMINT
5.	Current Priority	Informative
6.	Subject	Community Service Group - Computer Skills Training at Government School
7.	Input	A reliable internal source reports that the Community Service Group has been conducting weekly computer skills training sessions at the Government Higher Primary School in Mahadevapura, Bengaluru since June 2025. The program was initiated by Sunita Gupta and is supported by Prakash Hegde and Joseph Thomas who serve as primary instructors. Ishita Sen developed the curriculum covering basic computer operations, internet safety, and introductory programming. Classes are held every Saturday morning with approximately 45 students aged 10-14. The Tech Innovation Lab donated 10 refurbished laptops for the program - Amit Sharma and Sanjay Patil coordinated the hardware setup. Kiran Reddy from the AI/ML Study Group created a child-friendly coding game used in the classes. Geeta Rawat assists with student coordination. The source noted that this initiative grew from the connections made during the Tree Planting Drive (ref: TMS-2025-0478) when the Group interacted with local community leaders. A school-level coding competition is being planned for October 2025. Swati Deshpande from the Community Service Group designed certificates for participating students.
8.	Grading	A1
